
The Final Station OST And Artbook DLC Ativador Download [portable Edition]

Download ->>> <http://bit.ly/2QODIBq>

About This Content

Dive into the world of The Final Station with the immersive Original Soundtrack (OST) and Artbook. Featuring 10 tracks (with 1 bonus track that never made it into the game), this DLC is for fans who would like to support indie devs and appreciate the art of making indie games.

OST written by Geoff Hart-Jones.

The track-list is as follows:

- 01. Porth Wen
- 02. New Day
- 03. Abandoned
- 04. The arrival
- 05. Live Station
- 06. Nowhere

-
- 07. Unknown Station
 - 08. Walls of Metropole
 - 09. End of the Road
 - 10. BONUS TRACK - Last Thoughts

Developer:

Oleg Sergeev, Andrey Rumak

Publisher:

tinyBuild

Release Date: 30 Aug, 2016

7ad7b8b382

English,Russian

This game is pretty intense sometimes, but still a great game. But I have only 1 question, I purchased the DLC as well, but I can't find it..... Very very good game, interesting and immersive story, good controls and gameplay, would definitely recommend a playthrough, DLC is also amazing. Very much worth it especially with the sale on, play it!. I think the soundtrack and the art style is cool

i bought it to support it and to get more DLCs
